

From A to B emission free!

If you really don't have one of these –

then why not try this,

or this,

or even this.

1

Walk or cycle

Truly greenhouse emissions-free travel, and great for your health!

2

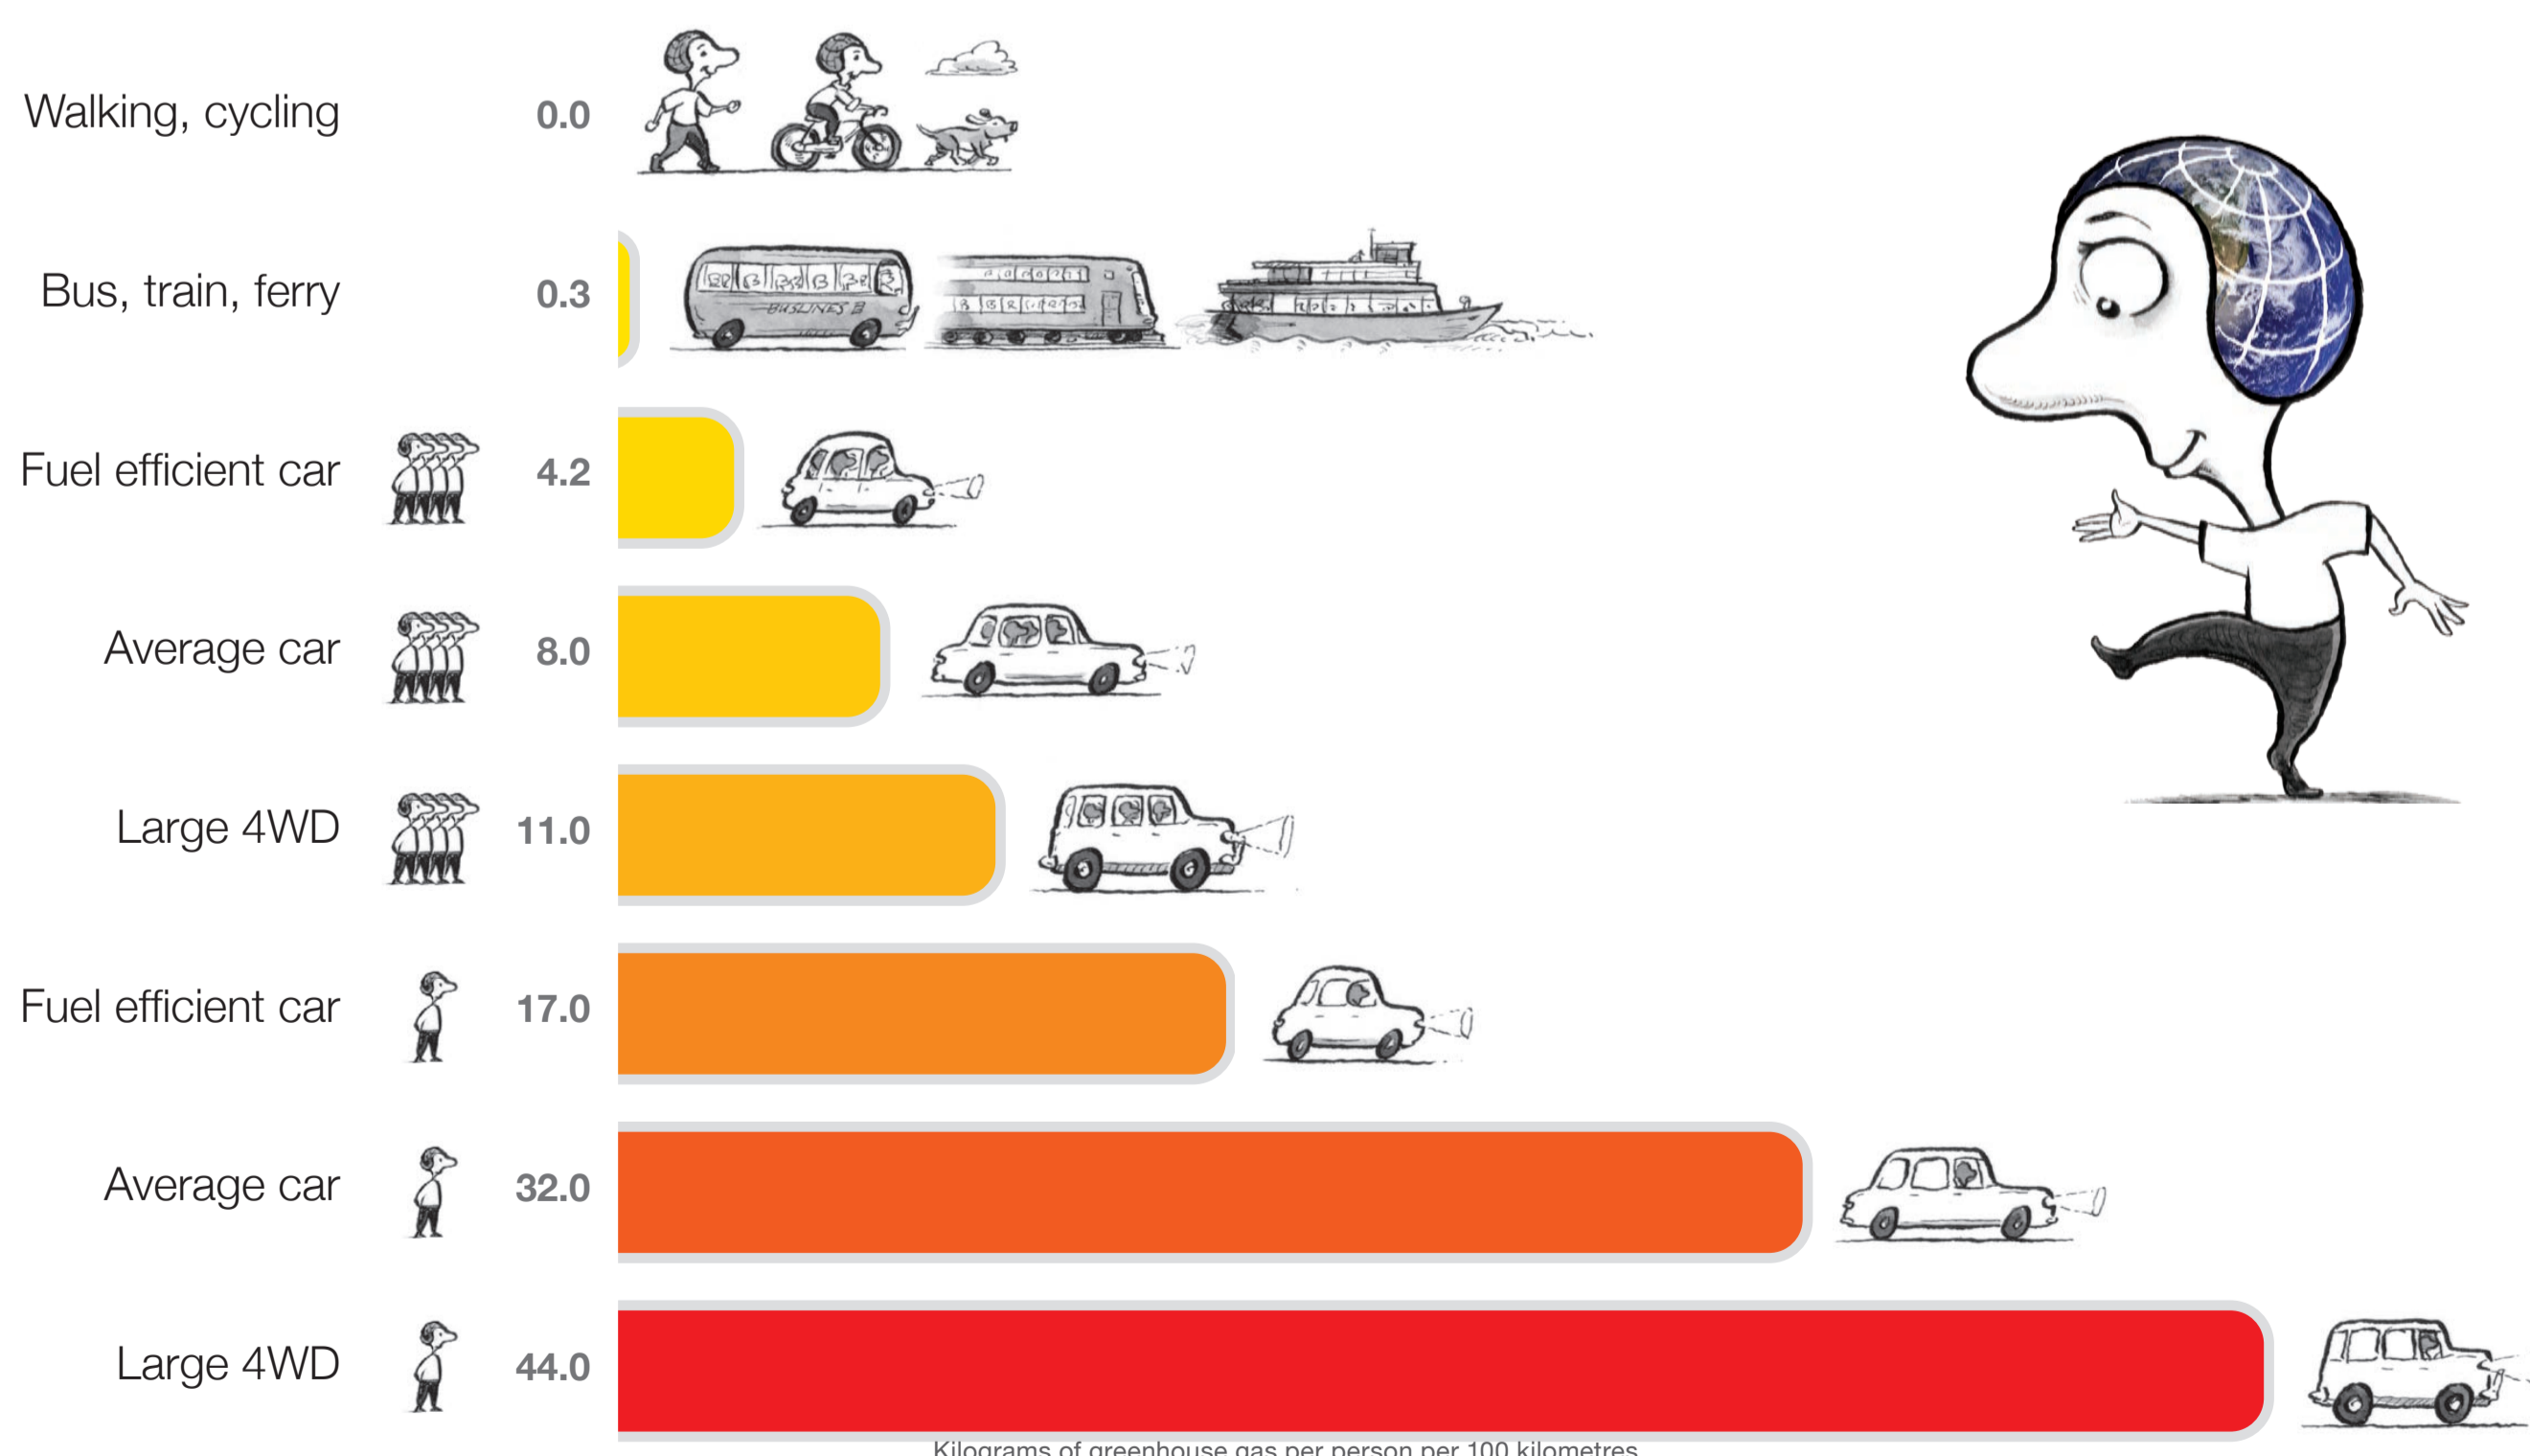

Catch a train, bus or ferry

Low-emissions transport plus it cuts congestion and pollution

3

Share a car

For when you really need the use of one

When you think about it, there are often a number of ways to get from A to B.

Barrett House
Our little house of sustainability

Barrett House is the result of a collaboration between Randwick, Waverley and Woollahra Councils to work together on activities aimed at reducing the community-wide ecological footprint of residents in Sydney's Eastern suburbs. This program has been assisted by the New South Wales Government through its Environmental Trust.
